7 PVC lining complete

8 Pool filled with water and ready to enjoy!!

FRP POOLS

Concrete like Strength & Cost Effective

The latest in making cost effective swimming pools is FRP Panel Pools.

Fiber Glass Reinforced is used to make the Super Strong Panels with extra MS square tube reinforced in the panels for added strength.

Bottom is finished with rubble soling and RCC to hold the weight of the water by providing a strong base. Walls are non-concrete FRP Panels which also reduced the construction time. Filter is installed as per requirement with only Thatha Group pools offering flexible filtration option of Sand Filter and Pipe less Filter. Plumbing is undertaken with renowned and swimming pool industry approved 10 kg PVC plumbing only. Inlets and out let drains and lights are especially made and modified for liner system thus making it a complete swimming pool package at par with all pools.
